FIN\_2324\_M06/49.2 Regarding an earmarked reserve for the Cemetery

The reserve has been created.

#### **Recommendations from previous meetings**

FIN\_2324\_M06/49.2 Regarding an earmarked reserve for the Cemetery

The reserve was considered and approved by Full Council at its meeting on Tuesday 30<sup>th</sup> April.

#### **Overtime Report (Financial)**

The anticipated combined cost of salaries, National Insurance and pension contributions to the Council, based on the staffing structure envisaged in January 2024 (Clerk – full time, RFO 15 hours, Assets Officer 30 hours, Allotments Officer 20 hours), including an estimate of cost of living pay rise and an allowance for overtime, was £149,200.

The current expectations from the annual cost of living pay rise suggests the final salary bill for the year WITHOUT overtime would have been £139,150. This would have provided a pot of £10,050 for overtime for the year, allowing an average overtime spend of £837 per month.

The total spend on overtime so far this financial year (for April and May) has been £765 which is far below the permitted £1,674 from the budget.

Additionally it should be noted that the expected total salary spend so far would have been £24,867. However, with the Assets Officer leaving in April and the RFO leaving in May, the total spend so far has been £15,300, meaning that there is current underspend of over £9,500. This will be monitored going forward and as new staff are added, as there is a substantial risk of the Council reserves being too high at the end of the year.

#### Transfer of RFO role

The Clerk has now assumed the role of Responsible Finance Officer and is expected to retain this role in the new staffing structure. Due to the workload of employees in the final quarter of 2023-24, and the first quarter of 2024-25, there is more work to be done following the handover than had been anticipated, but a system of prioritisation is being implemented to ensure that tasks with legal deadlines, or that are urgent for some other reason, are being completed first, with Council meetings, Council finances and Cemetery matters receiving the most attention.

#### Other updates

The Council has been informed that the Co-operative Bank is expecting to be taken over by Coventry Building Society. We have been assured that this will not cause any disruption to the banking services we receive.

The new model Financial Regulations (adapted for Bishopstoke Parish Council) will be on the agenda for the August meeting. They will be sent out as early as possible along with the existing regulations and a reporting covering the changes so that Councillors can take them in before discussing them.

# Finance Committee – Item 8 Changes to the Grant Awarding Policy

Previously, Bishopstoke Parish Council has discussed including asking those who receive grants to come to a Council meeting to let members know what the money was spent on and how it has helped Bishopstoke residents. At the Parish Assembly in April this year we heard directly from several of the groups who received grants and watched a presentation from another group. All those present agreed that it had been a very useful and moving experience which really helped Councillors see the effect the grants can have on the local community.

It is recommended that changes be made to the grant awarding policy to ensure that this practice continues in future years.

The following changes are recommended:

Paragraph 3.5 – update to reflect change from Finance & General Purposes to Finance Committee, and that the Committee decides grants autonomously.

Paragraph 3.7 & 3.8 – remove both paragraphs and replace with a new paragraph 3.7

Bishopstoke Parish Council wishes to ensure that its grant funds are well spent for the residents of Bishopstoke, and also wishes to better understand the work that grant recipients do with and for the people of Bishopstoke. Those who receive grants are therefore required to either attend or provide a report for the Bishopstoke Parish Assembly in the April following their grant money being used. Details will be provided by the Clerk along with notification of a successful grant application.

Both of these changes are shown in the attached policy with text to be removed written in red ink, and struck through, and text to be added written in green ink.

Finally, although it does not happen frequently, occasionally at the end of the financial year there is sometimes money left in the grant pot. Councillors are invited to discuss adopting a policy of donating any remaining funds to a specific charity. This might be something the Council already supports such as the Street Pastors, or the Bishopstoke Memorial Hall charity, or it could be an opportunity to have a "Chair's Charity" which could also be the focus of donations at events throughout the year.

# Finance Committee – Item 9 Internal Audit Review

Having used Do The Numbers for audit services for a number of years, this year was the first time the Council has used Mulberry & Co. The initial agreement was for one year only to allow both parties to review things before committing to a longer term contract.

Both myself as Clerk, and the RFO at the time (Mrs Sophie Thorogood), agreed that the service we received from Mulberry was good. The checks on our accounts and systems were thorough and, as is often the case, focussed on different specifics than previous auditors. We felt that it is good to cast new eyes on the work of the Council as that is a good way to find new areas where the Council can improve.

As Clerk and RFO, I am happy to recommend engaging Mulberry & Co for a longer period.

I recommend that the best option for the Council would be a contract covering 2024-25, 2025-26, 2026-27 and 2027-28. During the 2027-28 year a full review of audit services would take place and quotes would be obtained for the following year. At that point it would be possible to either appoint Mulberry & Co again for a further four years, or appoint someone new on a one year basis with an option to engage them for a further three years should the first year prove satisfactory.

Working in four year sections rather than the standard three year contract ensures that a new Council should not have to suddenly make a decision on an auditor, and also means that if an engagement does not work out then the Council still has time to find a replacement auditor without that process being interrupted by an election.

Recommendation: That the Committee seek to enter a four year contract with Mulberry & Co and schedule a full internal auditor review for the year 2027-28.
