

Bishopstoke Carnival 2025

How you can help on the day

For anybody that cannot be part of the planning and organising there is always the chance to help on the day itself.

Glebe Meadow Set Up – 2/3 people

This involves an early start so that those with lengthy set up times can be ready. Showing everyone to the correct place in the Meadow. Collecting any fees that have not been paid and resolving any disputes.

Logistics – 1 person

To ensure that things like gazebos, road closed signs and other things are in the right place at the right time.

Arena - 2 people.

One to be the Master of Ceremonies, announcing performers and events, and reminding people about the duck races. One to ensure the events run smoothly, making sure the next act is ready and the current act stays to time.

Carnival tent – 2 people

To sell raffle tickets, provide information and be the centre for lost property and children.

Audio – 1 person

To run the audio and make announcements.

Duck Races – 5 people

Two people at the start line, two people at the finish line and one person to sell the ducks for the races.

River Floats – 2 people (+3 judges)

To set up and put the river floats in the water as they arrive, securing them ready for judging.

Marshals – 15+ for the Parade route + 4 for the Riverside road closure

To be on the Parade route to ensure everyone is safe and any road closures are removed as soon as safely possible after the Parade has passed.

To be stationed at either end of the Riverside road closure to allow any necessary vehicles through safely and advise others of the alternative route.
